ANAND PATIL

Kalaburagi, India | +91 7892033398 | anandpatil5115@gmail.com

EDUCATION

Visvesvaraya Technological University (VTU) Kalaburagi, India

Bachelor of Technology in Computer Science Graduated: May 2026

Cumulative CGPA: 8.0/10;

Relevant Coursework: Data Structures & Algorithms, Database Systems, Web Development, Machine Learning

PROFESSIONAL SUMMARY

I am a computer science engineering student(8th Sem) and I have a good understanding of programming fundamentals data structures and problem solving and I have applied them through academic projects and coding practice .I am comfortable working with languages like Java and Python and use AI tools to understand concepts faster and debug code while making sure I understand the logic myself

WORK EXPERIENCE

Full Stack Development Intern, CodeAlpha, India

- Practiced web development with **React.js, Node.js, and MongoDB**, gaining practical exposure to full-stack development.
- Designed and integrated modular application components following clean architecture principles.
  Improved problem-solving, teamwork, and communication skills by contributing to real-world projects

UNIVERSITY PROJECTS

Live Group Chat with AI Assistant
Tech Stack: React.js, Node.js, Express.js, MySQL, Socket.IO, JWT, REST APIs

- Designed and developed a **full-stack real-time group chat application** with **JWT-based secure authentication**, RESTful APIs, and modular backend architecture.
- Implemented **MySQL database** for structured storage of users, chat messages, and transactions, ensuring efficient schema design and data management.

Personal Expense Tracker
Tech Stack: Python (Flask), SQLite, HTML, CSS, JavaScript, Chart.js

- Built a clean and responsive **front-end using HTML, CSS, and JavaScript** to categorize expenses and track spending behavior.
- Implemented **data visualization and reporting features** with interactive charts and **downloadable PDF summaries** for financial insights.

INTERNSHIP

Python Full-Stack Development Intern at KODNEST, Bengaluru Feb-May 2026

- **Front-end:** Designed responsive user interfaces using **HTML, CSS, and JavaScript**, focusing on usability, form handling, and client-side validation.
- **Back-end:** Developed server-side logic using **Python (Flask/Django)**, implemented **RESTful APIs**, user authentication, and application workflows.
- **Database:** Designed and managed **relational databases (MySQL/SQLite)**, performing **CRUD operations**, data validation, and efficient data storage.

ADDITIONAL

Technical Skills: Java, Python, JavaScript, React.js, Node.js, Express.js, MySQL, MongoDB, Git, REST APIs, Power BI.
Languages: English, Hindi, Marathi,Kannada.
Certifications & Training: Microsoft Data Analytics from GTTC MSDC Kalaburagi.
